

One-stop shop for all your motion control needs In Israel

Exclusive Distribution of Leading Manufacturers:

One-stop shop for all your motion control needs

MOTION CONTROLLERS

- Stand-Alone / PCB Mount
- Communications
 - EtherCAT® - SynqNet - SERCOS III
 - RS232 - CANopen®
- Servo/ Stepper drive support
- Compatible HMI & I/O Boards

Box Controllers

Panel Controllers

DRIVES

- Industry-leading power density
- Feature-rich
- Innovative algorithms
- Wide range of communication and feedback options
- Supporting stepper, DC brush, brushless and linear motors

MOTORS

- Brushless Servo
- Direct Drive Rotary - Housed & Frameless
- Direct Drive Linear - Iron-Core & Ironless
- Hybrid & Tin-can Stepper
- DC Brush
- Induction Motors

Servo BLDC

Stepper

Direct-Drive Linear

Direct-Drive Rotary

MINIATURE MOTORS

- Brushless Slotless DC Motors
- Brushed DC Motors
- Stepper Motors
- Digital Linear Actuators
- Gear Heads

DC Motors

BLDC

Linear Stepper

GEARHEADS

- True Planetary Gearheads
- Zero Backlash Bearing Reducers
- Heavy duty
- Multiple Designs - Straight, T-Shape, Right Angle, Hollow Shaft
- Full Gear-Motor Solutions

True Planetary Gearheads

Zero Backlash Bearing Reducers

Strong development and engineering team

FEEDBACK DEVICES

- Commercial/Light Duty Encoders
- Industrial Encoders
- Incremental/Absolute Encoders
- Bus Compatible Encoders
- Harrow - Heavy Duty Resolvers
- Dynapar - Harsh & Explosion Proof Encoders

Encoders

Resolvers

CLUTCHES AND BRAKES

- Wrap spring clutch/ brake packages
- Spring set brakes
- Tooth brakes & clutches
- Size ranges from 1" to 7.5"
- Torque ranges from 1lb/in to 150 lb/ft

Wrap Spring and Friction Clutches/Brakes

POSITIONING SYSTEMS

- Linear Actuators
- Ball/ Lead Linear Guides
- Ball/ Lead Linear Screws
- Ball/ Lead Linear Slides

Linear Technology

PRECISION MOTION

- Air Bearing Stages & Systems - Highest Accuracy
- Mechanical Stages & Actuators - Precision & Value
- Custom Stages & Systems - Innovation in Design
- Large and miniature stages

Positioning Slides and Systems

CUSTOM ELECTRONICS

- Based on field-proven building blocks
- Designed to meet form, fit, functionality and cost specifications
- Hardware, firmware and peripheral electronics are embedded in the drive
- Competitive advantage that saves space and costs

Electronics Assembly

Medical

Textile

CNC

Robotics

Optimized, Cost-Effective Solutions

*One-stop shop for all your
motion control needs In Israel*

*Strong development
and engineering team*

About Servotronix Motion Systems

Servotronix Motion Systems is the leading distributor of high-end motion control equipment and servo control systems in Israel. The company sells and distributes globally-leading brands as Kollmorgen, Thomson, Portescap, Dover, Spinea, Hengstler and Servotronix Motion Control. With over 25 years of experience in providing complete motion solutions, our strong support, development and engineering team is able to offer our customers fully optimized system solutions which are specifically tailored to their application's unique needs. Among our Israeli customers are leading manufacturers of medical and printing machinery, defense applications, semiconductors, renewable energy solutions etc.

Servotronix Motion Systems is a subsidiary of **Servotronix Motion Control**.

Servotronix Motion Control Group is a leading global solution provider for standard and customized motion electronics products, with a focus on digital servo drives. The company offers optimized, cost-effective servo solutions to some of the world's leading machine builders and automation system suppliers.

Among Our Customers:

Kodak

And many more...

Headquarters - 21C Yagia Kapayim St., POB 3919, Petach Tikva 49130, Israel, Tel: 972-3-9273800
